

I am writing in support of the KLove radio stations. I listen to it daily mainly in my car since I cannot receive it on my radio station inside my house. I discovered the station about 6 months ago and it has been a real blessing and inspiration to me. So many of the radio stations in the morning have downright filthy mouthed DJs and the subject matter they present is not something you would want your children to hear. Our community needs this alternative type station that the whole family can listen to. I love the fact that I can pick it up in from several stations in the Miami Valley area. I have it set on my radio for three settings: Wilmington, Dayton, and Cincinnati. When one starts getting faint I can turn to one of the others. In this day and age where there are so many negative things thrown at us in our daily lives, it is refreshing that there is one positive thing that we can count on. It has truly helped deepen my faith in God and in humans. Please do not take away this wonderful national radio station that this nation so desperately needs. Thank you, Linda Stevens Franklin, Oh
